

Empowering Financial Inclusion for Every Worker

In South Africa, low-income and blue-collar workers are often excluded from essential benefits like medical aid due to high costs, leaving them vulnerable. This exclusion not only impacts employees - it also affects employers through increased absenteeism, reduced morale, higher turnover, and unexpected financial burdens when uncovered workers face emergencies. Financial illiteracy further exacerbates these challenges, preventing workers from making sound financial decisions.

Why Choose NMG Essentials

NMG Essentials is a comprehensive package that combines funeral, medical, and financial literacy benefits to tackle the unique challenges faced by

low-income workers. By making basic services accessible and affordable, it empowers employees while safeguarding employers' bottom line.

Medical, Funeral, and Financial Literacy All in One Package

- **Affordable Healthcare for Your Team:** Kaelo My Health Plus offers an affordable, high-quality healthcare solution for employees earning less than R30,000 per month. This cost-effective plan ensures that employees have access to essential medical care without straining their finances, while helping employers offer valuable healthcare benefits without the financial burden.
- **Empowering Your Team with Financial Literacy:** Give your employees the tools to make informed financial decisions through NMG SmartAlec. This easy-to-use AI-powered WhatsApp chatbot delivers bite-sized financial education, making it simple for employees to understand and manage financial products, plan for the future, and enhance their financial literacy.
- **Safeguarding Family Futures:** The Simply Funeral Plan provides crucial peace of mind, offering employees and their families financial protection during difficult times. This affordable, essential cover helps employees protect their loved ones, ensuring a dignified farewell while easing the financial burden of funeral expenses.

Finding a Better Way
